DAISUGI CONCEPT

2027 Map

Not to ask the year for things.
To choose how you want to live it.

You don't need to know exactly where you are going.
Just decide what you want to find along the way.

HOW TO DO IT

Choose the goddess who will walk with you this year. Go through the six territories and write without hurry. Then fill the map with cut-outs, photos, words, drawings and things you find around the house.

Don't look for perfect images. Look for images that make you feel something.

The goddess who walks with you

Read slowly. The one that makes you stop is yours.

Torn between two? Take the free goddess test through the link in the @daisugi.concept bio.

1

WHAT I WANT TO FEEL

with Aphrodite, she who lives in her body.

Calm, freedom, curiosity, joy, belonging. How you want to feel inside while you live your year.

When did you feel most like yourself this year?

Which feeling do you want to stay longer?

FOR THE COLLAGE

Look for colours, textures and light before objects. Whatever makes you breathe differently.

WHAT I WANT TO LIVE

2

with Artemis, she who walks free.

What you want to experience, learn, try or do again.

What would you like to do for the first time?

What do you want to repeat because it did you good?

FOR THE COLLAGE

Places, paths, people doing things. Images that make you want to go out.

WHAT I WANT TO CREATE

3

with Brigid, she who creates slowly.

Ideas, projects, things made by hand.

What have you been wanting to start for a while?

What would you like to hold in your hands a year from now?

FOR THE COLLAGE

Hands, materials, things half made. Stick in something you made too.

4

WHAT I WANT TO CARE FOR

with Hestia, she who keeps the fire.

People, animals, your body, your home, your friendships, your time.

Who do you want to give more time to?

What does your home need, inside and out?

FOR THE COLLAGE

Tables, windows, plants, people, animals. A photo of you from this year works too.

WHAT I WANT TO LET GO

5

with Kali, she who lets go of what no longer serves.

Habits, demands, fears, ways of talking to yourself that you no longer want.

What are you carrying that is not really yours?

Which sentence do you tell yourself that you no longer want to hear?

FOR THE COLLAGE

Write what you are letting go of on a separate paper and tear it up. Here, stick only what you want to take its place.

WHAT I WANT TO DISCOVER

6

with Persephone, she who goes down and returns.

You do not need to know yet. Leave room for what you cannot name yet.

What makes you curious without knowing why?

Which door would you like to see open?

FOR THE COLLAGE

Leave part of it empty on purpose. It is the place for what you do not know yet.

My word for 2027

Just one. The one you want to see every morning.

HOW YOU WILL REMEMBER IT

Write it on a piece of paper and put it where you will see it:
the mirror, the fridge, the first page of your diary.

You don't need to know what your 2027 will be like.
Just decide what you want to make room for.

If you would like to keep exploring the goddesses who live in you,
